

VALENTYNA ABRAIMOVA

Full-stack web developer based in Philadelphia

244 South St
Philadelphia PA
19147
(215) 820-5885
abraval@gmail.com

SUMMARY

Full-stack web developer. Striving to build an excellent software that improves the lives of those around me. My main focus is easy to use, intuitive and clean design.

EDUCATION

University of Pennsylvania, Penn LPS Coding Bootcamp Philadelphia

October 2019 - current

National Academy of Public Administration, Ukraine — *BS Business Administration*

September 2001 - May 2005

PROJECTS

Doctor Portal

Github: <https://github.com/Abraval/Doctor-Portal>

Deployed: <https://doc-portal.herokuapp.com/>

A full stack doctor-facing app built for use in a family practice setting. The UI provides doctors with an easy, clear way to create/read/update/delete patient information.

Little Philly

Github: <https://github.com/Abraval/LittlePhilly>

Deployed: <https://abraval.github.io/LittlePhilly/>

Little Philly is a website for Philadelphia families to find fun, family friendly local events and businesses.
